## **Data Protection, Privacy and the Resource Registry**

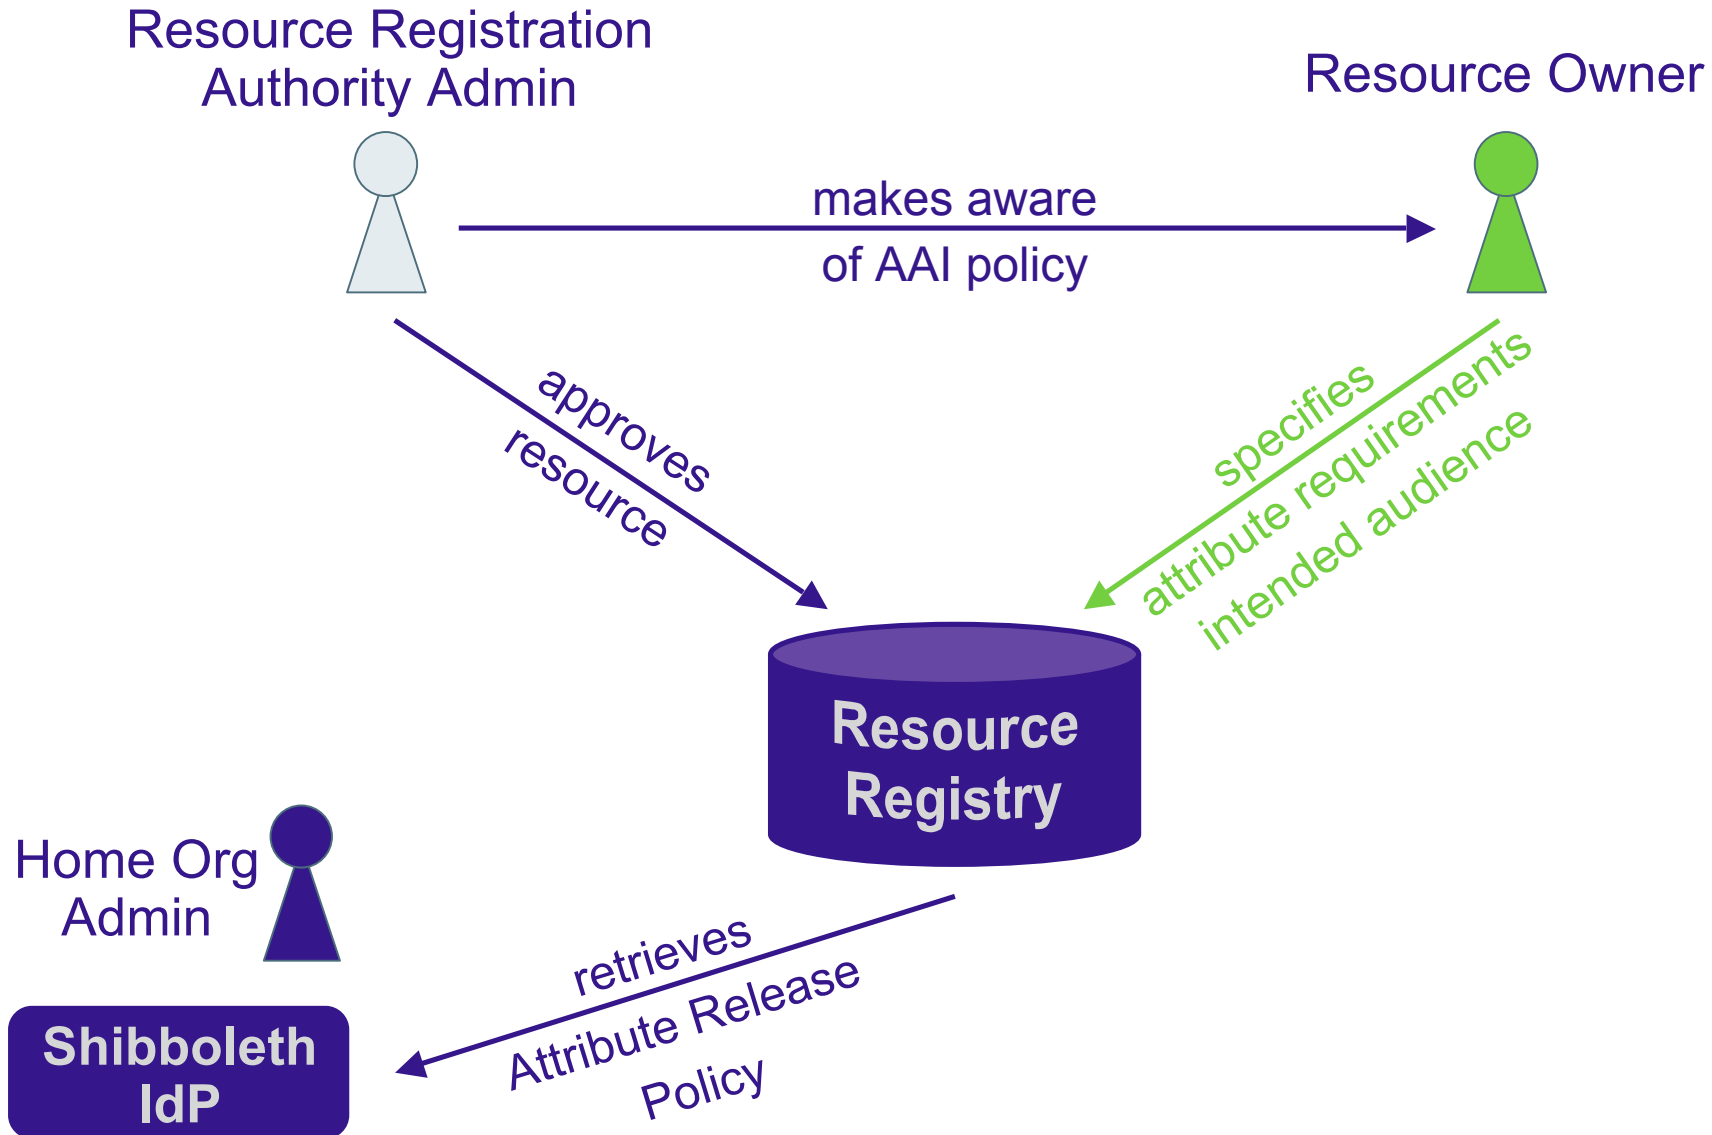

The SWITCHaai Team, <aaai@switch.ch>

## Federal and Cantonal Law (e.g. Data Protection Law)

"The End User notes that personal data about the End User is compiled from generally available sources and from communications received from the End User and other Universities as well as from off-site sources. The policy relating to the use and procession of such data is posted on the University website at [...]. Such data will be used, inter alia, to authenticate and authorize the access to and use of various resources within the University and on other sites ("Approved Uses"). The End User hereby consents to the collection, processing, use and release of such data to the extent reasonably necessary for the Approved Uses. Such consent includes, but is not limited to, the release of personal data to other institutions by employing cookies and electronically exchanging, caching and storing personal authorization attributes."

# Resource Registry & Attribute Release

- Up-to-date metadata is crucial for properly inter-operating systems within a federation
- Admins of SPs and IdPs add config parameters to the Resource Registry
- SWITCH fetches metadata from the Resource Registry and signs the file
- metadata.xml ready for automatic download by SPs and IdPs
